

Big Shots®

Big Shots® Double Barrel Cannon

Big Shots® are double barrel confetti cannons which provide a one time “blast” of confetti or streamers. They shoot streamers of all sizes to 80 feet (or higher depending on the pressure setting and size of streamer) and confetti up to 50 feet in the air. They can be placed on the ground or mounted from a truss to achieve different effects. The Big Shots® use “sleeves” of confetti or streamers. Each cannon barrel holds up to two sleeves (4 sleeves per cannon/per shot) and they can be mixed — one sleeve of confetti and one sleeve of streamers for various looks.

Big Shots® are remotely actuated using a multiple cue control box. An unlimited number of Big Shots® can be daisy chained together and fired on the same or separate cues. They provide their “blast” via a compressed air accumulator tank pressurized up to 120 psi using an air compressor. The solenoid valve is actuated by electronic input from a 110 VAC power source. The Big Shots® can be easily modified to use a 220 VAC, a 24 VDC or a 12 VDC power source. The solenoid actuation requires approximately 20 watts each. The Big Shots® can be operated from a lighting board on a non-dim circuit.

To see the various effects possible with the Big Shots® Cannon or to view a how-to-use demonstration, please visit our website at: www.artistryinmotion.com, navigate to the Confetti Equipment page and select the Big Shots® Cannon.

Pricing

Please see the Company Overview & Pricing insert card of this brochure for current purchase and rental rates on the Big Shots® Double Barrel Cannon. Pricing of supplies for the Big Shot® Cannon (confetti, streamers, caps, tape, etc.) can also be found on the insert card.

See the reverse side for more technical specifications on the Big Shots®

Big Shots®

Physical Specifications

Weight	50 Lbs.
Size	8" L X 16" W X 24" H
Power Source	110 VAC Standard (Optional: 220 VAC; 24 VDC; 12 VDC)
Electrical Draw	20 Watts
Connectors	110 VAC Edison Connector—3-prong
Lighting Board Connectivity	Yes
Cannon Barrel Size	2" I.D.
Support Equipment	Electrical Cords/Air Compressor/Control Box/Truss Clamps/Q-Tabs/Safety Cable
Actuation	Remote
Shipping Method	UPS/Any Freight Company
Shipping Container	ATA Road Cases, Cardboard Boxes

Performance

Attendant Required	No
Duration of Effect	Single Shot
Confetti Height	40-50 Feet
Streamer Height	65-80 Feet
Effects	Single Shot—Multiple Looks
Truss Mountable	Yes
Custom Installation	Yes

Types of Confetti

Rectangles and Squares	Yes/ Sleeves
Snow Cut	Yes/ Sleeves
Custom 2" Die Cuts	Yes/ Sleeves
Leaf Confetti	Yes/ Sleeves
Streamers up to 2" Wide	Yes/ Sleeves
